

Corn Festival Parade FAQ's

Where is the parade route?

The parade steps off at the corner of Washington and Fulton Streets. It proceeds east to Liberty Street, where it turns north. It proceeds north on Liberty Street to Depot Street, and ends in the area around Chapin Park.

How long is the parade route?

The parade route is approximately 10 blocks long.

When can we get our number?

Numbers will be emailed to you prior to the festival and once the lineup is complete. You **MUST** check in at the parade check in booth on parade day.

I have a large group, how do we pick up our number?

We recommend setting a meeting place (a specific corner, for example) for everyone to meet. You should then send one person to check in/pick up your placard and then proceed to your assigned spot.

Where do we park?

There is very little parking available in the immediate downtown area on parade day. Most streets west of Liberty and South of Fremont/Jefferson are closed to parking as this is the lineup area. Please plan to arrive early so you have plenty of time to find a parking space and walk to the parade area.

How long does the parade last?

The parade is normally 2 ½ hours in duration.

Where can I drop off my child?

You cannot drive into the parade lineup area, so you should plan to walk to your assigned space. Anyone can ask for their unit number at the parade check in booth, and there will be several parade workers available to direct you to your space.

Why isn't candy allowed?

Our biggest priority is the safety of all parade participants and spectators. Prohibiting candy greatly decreases the number of children running into the street in front of our parade entries, many of which are difficult to stop even though they are driving slowly. Other types of handouts are allowed only if they are distributed at curbside.

Where do the bands finish?

The buses park at the student lot at Morris Community High School, located on Union Street. The bands march to the school from the end of the parade route.

The parade check in booth is located at the corner of Illinois Avenue and Wauponsee Street. All units should approach from the EAST.
